

## FEDERATION VISIT TO DENMAN

We had a most enjoyable weekend at Denman in April, the college was full with open courses running alongside those for our Federation. After a wet afternoon for our arrival, the sun shone on Saturday when the group Discovering Tudor Oxford had their day out. 10 Members who Stepped up their Style learned which colours and styles would suit them. Beading proved to be challenge, but everyone made some lovely jewellery. On Sunday, after a performance by a group of Ukulele players there was time to visit the other classes and see wonderful displays of bread, painting, textiles and of course beaded jewellery. A lovely time was had by all. Our next Federation visit will be in August 2017.
